FRAUENTECHNIKZENTRUM
Berlin e. V.

Did you finish your compulsory education but not your vocational training yet?

Are you under 25 years old?

Do you belong to an immigrant group or have a migration background?

Then we kindly invite you to the program AUSBILDUNG IN SICHT organised by the Berlin Senate. Here you get ready for the requirements of your future training by attending German courses, completing school-leaving certificates or technical qualifications, respectively.

Get in touch with FrauenTechnikZentrum Berlin e. V.!

Together we explore your abilities, your aspiration and what might be missing in a 2-week course in order to improve your chances to find the job that is right for you.

Even after completing the course, you will not be left on your own. Instead we ensure to accompany you until your applications are successful.

Participation is free of charge!
